THE GIBSON GODDESS

A seaside comedy of the trials of a Gibson girl who tired after an arduous season of society's whirl goes to rest up at a secluded seaside resort. She is at once besieged by a score of admirers, who pester her wherever she goes. Her maid, however, devises a plan to get rid of these troublesome pests by attiring her in a bathing suit and filling her stockings with layers of raw cotton giving her a gargantuan appearance. The scheme works like a charm.

WHAT'S YOUR HURRY?

A very funny comedy of a terrified lover who had the audacity to kiss the girl. She threatens to tell papa. Papa is cleaning a shotgun a birthday present, and enters promptly to show it to Harry. He, with guilty conscience, beats it, and in fact every time he sees papa, he hurriedly lengthens the distance between them.

INVESTIGATING WOLF SHOOTING

Clues Found to Man who Shot Geo. Wolf Near Town on Friday. Shot could have Come from but One Direction.

An investigation has been made by some friends of George Wolf, who was mysteriously shot near town last Friday afternoon, and some very strong evidence has been secured pointing to the party who fired the shot.

The following morning an inspection was made of the place at which the unfortunate man was allowing his horses to drink when he was shot. The position which he occupied and the contour of the land at that place made it impossible for the shot to have been fired from more than one direction, and from that direction the person who fired the shot must have seen Mr. Wolf.

Everything now points to the likelihood that the man who shot Mr. Wolf knew at the time that he did it. It is possible that he may have shot at some other object and the bullet gone wide of its intended mark but that the hunter, or whoever he was, did not know at once that he had shot the man in the wagon is most improbable.

The person who is suspected is known to have been hunting with a rifle in that section on the afternoon of the affair. Whether or not he will be arrested if sufficient evidence is secured to hold him, has not been definitely stated by the parties investigating the case. This will probably be determined by subsequent developments in Mr. Wolf's condition.

He is now suffering terribly from nervous shock but his recovery is looked for unless something unforeseen should follow. He is 64 years of age.

STATE POLICE FIGHT FIRE

Sent to South Mountain to Stop Fires Caused by Hunters and to Protect Deer from Violators of Game Laws.

A detail of a sergeant and three men from Troop C, State Police, arrived at Mont Alto Tuesday. They were sent to Mont Alto by Captain John C. Groome, superintendent, of Philadelphia, at the request of Commissioner of Health Dixon, and Chief Game Protector Kalbfus.

It is said that hunters are violating the game laws and that some of the forest fires which have been raging in the Cumberland Valley are due to the carelessness of hunters.

There have been three fires in the vicinity of White Pine Camp within two days, which if they had not been discovered in time, might have done considerable damage to the buildings at the sanatorium.

There are now about 700 patients at the sanatorium and the camp is in reality a small city. At some places the line within which hunters are forbidden to approach is less than a quarter of a mile from the buildings and in some places it is even nearer.

Some of the hunters in the South Mountains have been using high power ammunition in their rifles and to this is attributed the forest fires.

The high power ammunition is of a heavier calibre and denser powder than is ordinarily used. The charge has greater velocity and longer carrying distance owing to this fact.

The rifles with the heavier charges are used mostly for deer hunting. In fact it is possible to kill a deer at a distance of from one to one and a half miles. It is also possible to set fire to forests or buildings at this distance and it is for the purpose of protecting the property of the state of that the troopers are sent to Mont Alto.

NEWS FROM DEER CAMP

Orrtanna, Nov. 27—Joseph F. McKenrick, Esq., of Ebenhurg, and brother Samuel, of Clearfield, Pa., sons of Charles McKenrick, deceased, have come back to their native county in Buchanan Valley to engage in the deer hunt. On Monday they spent trying to secure a large buck on the grounds they had hunted upon when young men, and they had the pleasure of the company of those who had hunted with them in those days. Their brother, George, of Altoona, is also with them in the Kane Camp, but he has been here later and has been a member for several years.

John Mickle, of Cashtown, a prominent deer hunter of this county, shot a fine large buck, at Cairn's Run, wounding him severely, but he got away, and the men searched all day but did not find him.

He came down toward John T. Cole's residence, and followed the run for a while, and through the old dam, crossing into the corn field. Your correspondent being attracted by a shot from a rifle saw him coming slowly down over the field, a grand large buck. He turned and went toward the timber. The hunters have not yet secured the wounded deer.

WOODCHUCK BAD ANIMAL

Reports of young apple and peach trees being damaged through the bark having been eaten by some animal are being received at the division of zoology of the department of agriculture. The injury to the trees may have been caused by rabbits, in regard to which some information was given by the division of the division, Professor H. A. Surface, state zoologist, is of the opinion that the woodchuck or ground hog, by which name it is also known, is often responsible for such damage in stead of the rabbit. It is unusual for rabbits to eat the bark of trees so early in the season.

CONDITION IMPROVING

Kuhn, of McSherrystown, left Tuesday morning for Mount Hope Sanitarium, near Baltimore, to bring home her husband, the well-known Union Label advocate, who has been under treatment in that institution for the past three months, suffering from a general nervous breakdown. The Gettysburg Department Store will be closed all day Thursday.

HORSE RAN AWAY WITH CRIPPLE

McSherrystown Has Thrilling Run away in which Cripple is Thrown from Vehicle Sustaining Dislocated Shoulder.

McSherrystown had an exciting run-away Monday afternoon in which J. H. Hostetter, of Hanover, and Clark L. Smith, of Lancaster, were the participants. Mr. Smith had his left shoulder dislocated, as well as sustaining several bruises on his body. Messrs. Hostetter and Smith, were driving on the road, near McSherrystown, between 3 and 4 p. m., and when stopping in front of the home of Edward Day conversing, the horse rubbed off the bridle against a telephone pole. Mr. Hostetter jumped from the buggy to catch the animal, which ran away, with Mr. Smith (who is a cripple) seated in the buggy.

The maddened animal, after running fully half a mile, upset the buggy and wrecked it, throwing Mr. Smith to the ground, with the above result. Frank Noel, who resides on the J. A. Poist farm, picked up the injured man and conveyed him to the office of Dr. A. C. Rice, who with the assistance of Dr. George L. Rice reduced the dislocation, after which Dr. Rice took the injured man to Hanover, where he remained over night, and Tuesday morning returned to his home in Lancaster.

ASTOR YACHT SAFE

Missing Boat Was at San Juan, Porto Rico, on Nov. 17.

New York, Nov. 24.—The report of Captain Furst, of the Red D liner Caracas, that he had left Colonel John Jacob Astor's yacht, the Nourmahal, in the harbor of San Juan on Nov. 15, was confirmed by Captain James Dalton and the officers of the Insular line steamship Harry Luckenbach, in from Porto Rico. Captain Dalton and his chief engineer, A. D. Emery, dispelled all doubts as to the safety of the Nourmahal by declaring that when the Luckenbach sailed out of San Juan on Nov. 17, two days after Captain Furst had seen the Nourmahal, she was still at anchor off San Juan and showing no evidences of having encountered rough weather on her trip from San Domingo.

Chief Engineer Emery was formerly an assistant engineer aboard the Nourmahal, so there is no doubt about his ability to identify her even if Captain Dalton might have any doubt about her identity.

CHILD HEIRESS FOILS THE LAW

Pennsylvania Girl and Father Escape Illinois Writ.

Chicago, Nov. 24.—An exciting game of hide and seek, played in the business district of Chicago, was the sequel to the declaration of seven-year-old Kathryn A. Good, \$400,000 heiress, that she would rather live with her father, Henry F. Good, Lock Haven, Pa., than be the ward of her grandmother, Mrs. Mary J. Hoxie.

Hardly had Judge Scanlan, in deference to the wishes of the girl, awarded her to the father than Judge Windes issued, on petition of the grandmother, a temporary injunction restraining Good from taking his little daughter from the state.

It was alleged in the bill that Good and his sisters were about to depart for Lock Haven. As soon as the order was granted an attorney and a deputy sheriff used an automobile for a hurried trip to railway stations and hotels in a search for Good. They were unable to find him. Should Good leave the state, Mrs. Hoxie fears there will be small chance of regaining the custody of the child.

In applying for the writ the grandmother averred that Judge Scanlan, in turning the girl over to the father, ignored the provisions of the decree divorcing Good and his wife, and the decree of the probate court appointing Mrs. Hoxie guardian.

The child's mother, Mrs. Anna Hoxie Good, was killed in an automobile accident near Buffalo, N. Y., Sept. 13.

OIL TRUST WILL OBEY THE LAW

Standard Has No Thought of Evading Court's Decree.

WILL PROMPTLY APPEAL

General Solicitor of Company Says There is No Intention of Forming a Foreign Holding Company or Seeking to Procure Amendment to the Sherman Law.

New York, Nov. 24.—Reports, rumors and legal prophecies to the contrary, the Standard Oil company announced authoritatively that it had no intention of seeking to procure an amendment to the Sherman anti-trust law, but will proceed with the appeal to the United States supreme court, which, as already announced through Mortimer F. Elliott, its general solicitor, is to be taken from the decree of the United States circuit court at St. Paul. Until the supreme court has rendered a decision the company will consider no other plan of doing business than the methods now in use.

Mr. Elliott is authority for the foregoing. He discussed the case at the Standard Oil building, 26 Broadway, after a conference with William G. Rockefeller and John D. Archbold.

"There is to be no effort on the part of the company to procure an amendment of the Sherman anti-trust law," said Mr. Elliott. "We shall await the verdict of the supreme court before we take any steps looking toward either reorganization or a new statement of our case to the public. The court has first rights."

No Foreign Holding.

"It seems highly important to me that there will ever be a foreign holding company organized, as you tell me has been suggested. The complexity of control exercised by the several states sets too many difficulties in the way."

"Such comment on the case as I have seen misses the fact that the Standard Oil company is not a holding company pure and simple, as was the Northern Securities company. For instance, it owns outright at Bayonne, N. J., the largest refinery in the world. There is nothing in the decree to prevent the company from continuing to do business, although I admit that it makes doing business more cumbersome."

"Although the decree enjoins the Standard Oil company from voting its shareholdings in subsidiary companies or receiving dividends from them, there is no reason why the individual holders among whom such shares would be divided under the decree should not elect their own officers in the subsidiary companies and receive their own dividends from those companies. A proxy system among our 5000 shareholders would certainly be no more unmanageable than the same system as now used by railroad and industrial companies with, say, 50,000 shareholders."

Forced Liquidation Not Feared.

"In brief, there is no cause for the market to fear a forced liquidation of the securities the Standard Oil company holds. I disagree with the gentlemen who think a redistribution is necessary, other than of the sort I outlined in my first statement."

Mr. Elliott in that statement said he understood the court to order that the Standard Oil holdings in the subsidiary companies be apportioned among Standard Oil shareholders in ratio to their holdings in the parent company.

MORSE GETS LOOPHOLE

Convicted Banker Given Right to Apply For New Trial.

New York, Nov. 24.—Charles W. Morse, federal prisoner in the Tombs, awaiting the outcome of a legal fight, to avoid the fifteen years' sentence imposed upon him as the result of his conviction on charges of violating the national banking laws, has cause for thanksgiving, in that he won a preliminary move for a new trial.

The petition of Martin W. Littleton, counsel for Morse, seeking an amendment to the mandate of the United States court of appeals, which affirmed his conviction by the United States circuit court, was granted in a decision giving him the right to apply to the lower court for a new trial.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Colorado Judge Receives Strange Message From Enemy.

Colorado Springs, Colo., Nov. 24.—Justice of the Peace P. Toombs received two pieces of human flesh, through the mails. Accompanying them was a note explaining that they had been cut from a smallpox patient, the writer expressing the wish that the judge might catch the disease and die.

In the meantime Toombs has reported the case to the federal authorities for investigation, and a member of the city detective department also has been assigned to work out the mystery.

Toombs is unaware of the existence of any enemy unless it be some one upon whom he has inflicted punishment in his official capacity.

SMOTHERED BY TOBACCO

Lynchburg, Va., Nov. 24.—James P. Scott, aged thirty-five years, and his twelve-year-old son were smothered to death near here under a load of leaf tobacco.

The wagon overturned, catching the man and his child underneath it. Scott was stunned and could make no effort to extricate himself and the boy. The tobacco leaves cut off the air and when found they were dead.

DRIVEN INSANE BY CHRISTIAN SCIENCE

Former Lancaster Man Loses Mind in New Haven, Conn.

New Haven, Conn., Nov. 24.—According to the testimony in the probate court here of Drs. Seymour L. Spier and Max Mallhouse, Christian Science has driven Elam Martin, a carpenter, hopelessly insane.

Martin, who came to this city from Lancaster, Pa., several years ago, has worked steadily and accumulated some \$10,000 in the local savings banks. Two weeks ago he became a member of the local Christian Science church. Every spare moment he spent poring over the Christian Science text books. The problems seemed to weigh on his mind and finally unbalanced him.

A week ago his landlady was startled by Martin's statement that there was no reason why he could not go to Lancaster with 30 cents, because Christ himself had travelled all over the world with less than a dollar. Martin went to the Hebrew Temple Mishkan Israel, in the center of the city, and stripped himself of every stitch of clothes he had on him. He made a platform of his clothes and with the Bible in his hand, began to address the people.

THREW SHOE TO CALL AID

Wester City, Ia., Nov. 24.—F. A. Edwards, former mayor and now president of a savings bank here, was the victim of a peculiar accident. Mr. Edwards, preparatory to opening the bank, was in the office dusting the furniture.

While doing so a revolver lying on a desk came in contact with the dust and was accidentally discharged the bullet entering his stomach, and he will probably die. He was unable to telephone for help, but attracted aid by hurling his shoe through a large window of the bank.

A Poetical Marriage.

Middletown, N. Y., Nov. 24.—A novel marriage ceremony took place in Calvary Baptist church, when Miss Luella May Clark, daughter of Isaac M. Clark, and Clarence B. Crause, well known business man, were made man and wife. The ceremony was nearly all in poetry. The pastor recited Poe's "The Bells" and selections from other poems appropriate to the occasion. He ended with the blessing in rhyme.

The Choicest Fish That Come Out of the Sea

The whole world knows that fish is one of the most nourishing and strengthening foods in existence.

And of all the fish that come out of the sea, the cod is the richest in nutriment.

And cod, as you get it in Beardsley's Shredded Codfish, is also one of the choicest foods ever put on the table.

Yet wonderfully economical. And surprisingly easy to cook.

Only the Sweetest Meat

The cod we use are the finest flavored fish all the world's waters produce.

They are caught off the New England Coast. Cod which come from other regions can't compare in quality and taste with these.

And of these fine fish we select only the fattest and plumpest. Each fish is examined three times.

Then we take only the best part of each fish. Only the sweetest, most delicate meat.

Ready to Cook

We prepare Beardsley's Shredded Codfish in a way that saves you all bother and trouble.

We take out the bones. Then our wonderful Shredding Process makes the meat fine and fluffy and dainty.

THE PACKAGE WITH THE RED BAND Lined with wax-paper. No preservative whatever save the purest and finest sea-salt. Also packed in tin and glass.

It is ready to cook the instant you open the package. No washing—no soaking—no boiling.

Cheaper Than Meat

A package of Beardsley's Shredded Codfish costs only 10 cents.

Yet it goes farther than two or three pounds of meat, or a dozen eggs. It makes a full meal for five.

Think of the vast economy in serving this fine food often, instead of meat or eggs. It makes a better breakfast or lunch than either.

And there are so many tempting ways to serve it, that your family will never tire of it.

You can have it at least once a week the whole winter through and never serve it twice alike.

Let your family try this delicious and new kind of meal tomorrow. Order Beardsley's Shredded Codfish today. And please see that your grocer gives you Beardsley's—the package with the red band. That is the kind you will like. For Beardsley's is the only Shredded Codfish. Our shredding process is patented.

Free Book of Recipes

Ask your grocer for our book of tempting new recipes. It means pleasing variety in meals. Or write us. We will send you the book, and with it a generous sample of Beardsley's Shredded Codfish.

**BABY'S PITIFUL
CASE OF ECZEMA**
Summer Rash Became a Dreadful
Itching Humor—Big Blisters
Formed and Skin Grew as Hard

and Tore Flesh till Blood Ran.

**ALMOST MAGIC CURE
BY CUTICURA REMEDIES**
"Our son, two years old, was very
much afflicted with a breaking out of
what looked to be a summer rash. I
applied the usual remedies such as
washing with soda water and powdering
with boracic acid. Finally, after he suf-
fered with the trouble several weeks I
took him to the doctor. He said it was
merely a rash that was quite prevalent,
and that I was giving the right treat-
ment and that I should just continue it
and the baby would soon be all right.
But instead of getting better it was get-
ting worse. The rash ran together and
made large blisters. The little fellow
didn't want to do anything but scratch
and we had to wrap his hands up to
keep him from it as he would tear the
flesh open till the blood would run. The
itching was intense, causing loss of ap-
petite and sleep. When it seemed to hurt
him most the skin on his back became
hard and rough like the bark of a tree so
that rubbing or brushing would not
break it. He was so feverish that I
thought it a bad case of eczema. He
could not wear any clothes but a little
nightgown with the sleeves just fastened
at the top of the shoulder. He suffered
intensely for about three months. But
I found a remedy in Cuticura Soap for
bathing and Cuticura Ointment with
which I anointed the sore places. This
kept the rash from spreading and in less
than a week the result was almost magi-
cal. That was more than two years ago
and there has not been the slightest
symptom of it since he was cured. I am
never very long without Cuticura Soap
as my family knows the value of it and
don't like a substitute. J. W. Lauck,

Millions of women throughout the

**NO HOPE FOR
ENTOMBED MEN**
Fire Hampers Rescuers at
Cherry, Ill., Mine.

TUNNELS HAVE COLLAPSED
Imprisoned Miners Thought to Be
Buried Under Debris, and Bodies
May Never Be Recovered—One of
the Survivors Dies.
Cherry, Ill., Nov. 24.—Hope that
some of the 189 men yet entombed
in the St. Paul mine might be rescued
alive has been abandoned.
An exploration of the second vein,
where it was thought probably miners
had barricaded themselves and man-
aged to exist on oats and corn kept
there for mules, showed that great
portions of the tunnels had collapsed.
It is thought that many men were
buried under the debris, and that if
the obstruction is not soon cleared
away at least 100 bodies may never
be recovered. Fire is still raging in
these tunnels, and these portions of
the mine, in which imprisoned miners
might have found a retreat, are said
to be full of the fatal black damp.
One of Survivors Dies.
After experiencing all the terrors of
his long imprisonment and the joy of
being brought to the surface alive,
David Hollofchek, one of those rescued
Saturday, died of general exhaustion.
This reduces to nineteen the total
number of those saved out of the 310
entombed by the fire a week ago Sat-
urday.
The explorers met with great ob-
stacles. In one instance fire broke out
in a tunnel, temporarily cutting off
the escape of the twenty-five men who
had ventured 400 feet from the hoist-
ing shaft. The smell of smoke gave
the warning above, and fresh men re-
sued the explorers.
The state executive board of the
United Mine Workers of America sent
the following telegram to Governor
Deneen:
"We request that you designate
some one man to take charge of the
rescue work of this mine. Practical
miners stand ready to volunteer ser-
vices to get to the bodies. System here
not satisfactory to us."
In response to this request the gov-
ernor placed Mine Inspector Hector
McAllister in charge of the exploring
work. Despite the fire and the filling
of tunnels, the clearing of the mine
will be pushed night and day.
"There is absolutely no more hope,"
declared W. W. Taylor, general man-
ager of the mine. "We have already
reached every part of the mine where
the men could have existed for ten
days. I am confident not another man
will be taken up alive."

OPPOSES MODERN FOOTBALL
Chancellor Day Would Modify Game
Into a Contest of Brains.
Syracuse, N. Y., Nov. 24.—Chan-
cellor James R. Day, of Syracuse uni-
versity, expressed himself as opposed
to football in its present form. He
said:
"It is a question whether football in
its present dangerous form should be
tolerated. Year after year more and
more students are entering colleges,
who have promised their parents not
to engage in this sport. I admire
those boys who are tied to their moth-
ers' apron strings. I want football
modified, so that it will become more
a contest of brains and less a contest
of brawn."
Graft in Russian Army.
St. Petersburg, Nov. 24.—Senator
Garin who was appointed some time
ago to investigate the frauds in the
military establishments, has made a
report which reveals enormous em-
bezzlements in the commissariat de-
partment to several million dollars.
Supplies sufficient for the whole army
have vanished from Kieff and Odessa
alone. Sixty-seven colonels and other
commissary officers are incriminated.

Taft's Niece to Wed.

Henry W. Taft, of 36 West Forty-
eighth street, announced the engage-
ment of their daughter, Miss Louise
W. Taft, to George H. Snowden, of

will take place between Christmas and
New Year's.
Bomb in Danville, Ill.
Danville, Ill., Nov. 24.—An explosion
of dynamite in the fruit and wine
store of Joseph Mascari, 13 College
street, damaged twenty-five buildings
in the business district of the city.
Mascari, who is an Italian, believes
the Black Hand is responsible for the
explosion.
Indian Prince Weds Actress.
London, Nov. 24.—Dolly Parnell, a
popular musical comedy actress, was
married to Prince Nisr Ali Khan, the
son of one of the most powerful of the
native rulers of India. The prince pre-
sented his bride with jewels valued
at \$100,000.

METEOR SPLITS IN FLIGHT
Alabama See Unusual Spectacle in
Heavens.
Montgomery, Ala., Nov. 24.—The
unusual spectacle of a large meteor
that split in the middle of its visible
flight, caused consternation among
hundreds of country folk in eastern
Alabama.
The meteor threw off an exceed-
ingly brilliant trail of sparks and then
snapped in two, one fiery piece glanc-
ing to the east and another to the
west. Reports from McCulloch, Ala.,
say that the pieces in striking the
ground jarred the earth for a consid-
erable distance.

BAKE HUGE PIE FOR TAFT
Fifty Pounds of Pastry For President's
Thanksgiving.
New York, Nov. 24.—President
Taft's fifty-pound Thanksgiving pie
was baked in a Newark, N. J., bake-
shop. Today this pie, the largest ever
baked in America, was taken to Wash-
ington by a committee of the Bakers
union.
The Taft pie was six hours baking
and half a dozen pie experts kept a
careful watch on the pastry. The pie
is 25 inches in diameter and 3 inches
in depth.

**MRS. CHAPMAN

Wealthy Widow, Courtied By

New York, Nov. 24.—Philip Van

Chapman, a widow reputed to be worth
\$10,000,000, were married in a country
town in Connecticut. Afterward they
went to the Hotel St. Regis, where
Mrs. Chapman has been living.
It is said that Mr. Van Volkenburgh
met Mrs. Chapman on an Atlantic
liner. She returned from Europe re-
cently and several Europeans had been

MRS. PHILIP VAN VOLKENBURGH
mentioned as aspirants for her hand.
Among them were General Count Spi-
ridovich, of Russia; Lord Falconer,
whom she met in France, and Count
de Solmes, now in this country.
Her marriage to William Hayes
Chapman took place in June, 1906,
when he was seventy-six years old.
Mr. Chapman, who had accumulated a
fortune in the dry goods business, died
a short time after this wedding. Rela-
tives tried to break the will.
AFTER UNCLE JOE
Victor Murdock Believed to Be on the
Warpath.
Washington, Nov. 24.—Somewhere
in the capacious jeans of Representa-
tive Murdock, of Kansas, the very pin-
nacle of all house insurgency, who is
supposed to be bounding eastward in a
Pullman, reposes the embryo of a
petition with which Mr. Murdock
hopes to shatter the speakership of
Uncle Joe G. Cannon. On his trip
down the Mississippi with President
Taft, Uncle Joseph, with that su-
preme winning left hand gesture of
his at dinner one night, declared that
if a majority of the house wanted him
to get out he would get. Mr. Murdock
is understood to have taken Mr. Can-
non at his word. Mr. Murdock was
there and heard the speech. He is un-
derstood to have prepared a petition,
and when he gets back he will circu-
late it among insurgents and others
who lean toward insurgency. Possibly
Uncle Joe may yet regret his rash
speech.

GOV. HADLEY INJURED
Forced to End Hunting Trip by Badly
Swollen Hand.
Springfield, Mo., Nov. 24.—Governor
Hadley, who has been hunting in the
Taney county hunting preserve, was
forced to leave there for Jefferson
City on account of a badly swollen
hand, caused by a fall. Physicians ad-
vised the governor to return to his
home at once, as they feared blood
poisoning might develop.

Convicted on Fake Horse Race.
Council Bluffs, Ia., Nov. 24.—The
jury in the case of John R. Dobbins,
on trial for grand larceny in connec-
tion with the loss by T. W. Ballew, a
Princeton, Mo., banker, of \$30,000, on
a "fake horse race" in this city, more
than a year ago, returned a verdict of
guilty.
400 Cans of Smuggled Opium Seized.
El Paso, Tex., Nov. 24.—Customs of-
ficers seized 400 cans of smuggled
opium, valued at \$7000. Within a
month more than \$20,000 worth of
smuggled opium has been seized at
Texas points.

Sore Throat Prudence.
No family medicine chest is well stocked
without a bottle of TONSILINE, for you
don't know what moment it may be needed
to cure a suddenly developed case of Sore
Throat. Don't take unnecessary chances,
because Sore Throat seems a little ailment,
it may be Tonsillitis, Quinsy, Group or
Diphtheria tomorrow. Cure the Sore
Throat by taking TONSILINE, the one
exclusive throat remedy, and prevent
these dreaded diseases.
One dose of TONSILINE will
give relief, and a very few doses will
cure. It is the stitch in time.

Baskets For Berries.
In making provision for the crop of
red raspberries order pint baskets in-
stead of quarts. The fruit carries
much better in the smaller package,
and profits are generally larger. The
oblong pint basket may be used in the
ordinary thirty-two quart crate.

**DE ARMOND MET
DEATH IN FIRE**
Congressman Perished With
Grandson in Burning Home.

DAUGHTER SAVES MOTHER
Democratic Leader Sacrificed His Life
In Effort to Save Grandson—Their
Bodies Found Lying Side by Side
In Ruins.
Butler, Mo., Nov. 24.—Representa-
tive David DeArmond, one of the most
widely known Democratic congress-
men, and his grandson, David A. De-
Armond III., aged six years, were
burned to death in a fire that destroy-
ed the DeArmond homestead here.
The DeArmond home was a large
two-story frame structure, set well
back from the street. On two sides of
the house and equal with the second
floor, four rooms, or outdoor sleeping
apartments, had been constructed, and
at the time the fire broke out the oc-
cupants of the house occupied these
rooms.
Congressman DeArmond and his
young grandson occupied one room on
the south side of the building, while
Mrs. DeArmond and Mrs. Hattie Clark,
a married daughter, were in separate
rooms on the opposite side of the
house. Nettie Boles, twenty-six years
old, a maid, had a room on the west
end of the house.
Mrs. Clark was awakened by a cry
and on going to the door of her room
saw smoke issuing from the part of
the house where the congressman and
"Waddle," as the grandson was called,
slept.
"Get me out of here!" she heard
Waddle cry.
"Never mind, son; I'll save you,"
Congressman DeArmond answered.
Those were the last words either of
the victims uttered. A moment later
the smoke increased in volume and
Mrs. Clark was forced to flee down-
stairs to the telephone. Within a min-
ute's time she had given the alarm to
the telephone office and hurried back
to the room of her mother.
Carely Saves Mrs. DeArmond.
By this time the entire second floor
was clouded with smoke and flames
were leaping from the windows. Grop-
ing her way to Mrs. DeArmond's bed-
side, she literally dragged her from the
room. There was no time to think
of aiding those in the other part of
the house. Urging her mother down
the stairway, the younger woman, with
difficulty, succeeded in reaching and
opening the street door.
Nettie Boles, the maid, it developed
later, had been one of the first to es-
cape. She reached the street from the
rear door after the first cry of fire.
She was unhurt, but too frightened
to comprehend the situation and had
fled from the scene.
The home of James A. DeArmond,
son of Congressman DeArmond, and
father of the boy who lost his life, is
near the burned house. James De-
Armond rushed to the scene when the
alarm was given and tried to enter
the burning building, but was restrain-
ed by neighbors.
The financial loss is placed at \$200-
000, and included one of the best in-
vestments in the state. The cause of
the fire is not known. The two bodies
were found lying side by side, where
death had overtaken the congressman
in his effort to save his grandson.

Many Gettysburg People Suffer from Nervous Trouble and Don't Know Why.

Thousands of cases of kidney trouble show few outward symptoms except nervousness, depression, languor, irritability and an inclination to worry over trifles. It is generally due to the poisonous action of uric acid on blood and nerves, and can't be cured except by curing the kidneys. Doan's Kidney Pills cure these ills by curing the kidneys. Gettysburg women are learning it. Here's a local case.

Mrs. J. Warren Gilbert, 128 W. Middle St., Gettysburg, Pa., says: "My health was very poor for some time, owing to a weakness of the kidneys. I had nearly all the symptoms that usually accompany a bad case of kidney trouble, such as backache, restlessness at night, dizzy spells and headaches. I took many medicines but received no benefit until I used Doan's Kidney Pills, procured at the People's drug store. They gave me relief at once and in a short time I was without a sign of the trouble. I heartily endorse this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Read what this woman who suffered 20 years says: "For 20 years I suffered with Rheumatism and could get no relief until I tried Rheuma on the advice of others who had used it. I could scarcely do my housework. I am now able to do anything, thanks to Rheuma." Mrs. Herbert Mason, East Aurora, N. Y.

The rules adopted this season by the Hood River Fruit Growers' association having to do with the handling of the apple crop provide, among other things, that the fruit must be taken from the trees only in the early hours of the day on cool days. The purpose of this is that the fruit shall be cool when picked and kept so while being boxed and placed in storage. This precaution greatly enhances the shipping and keeping qualities of the apples.

RADIANT HAIR

New York Society Woman's Hair Matched Only by Parisians

While much attention is given to choicest gowns by New York society women, the turbulent fad just now is the care of the hair.

For many years the clever women of Paris have been famed for the magnificent beauty of their hair.

"Glorious hair", a Virginian calls it: "so radiant and luxuriant that it not only attracts but fascinates, and compels unstinted admiration."

But now that the elite of New York, ever anxious to improve their beauty, have learned that Parisian Sage, a remarkable and almost marvelous hair nourisher and beautifier, is almost entirely responsible for this charming hair of the ladies of France, the demand for it has become enormous.

Parisian Sage is now sold all over America, and in Gettysburg by People's Drug Store who is glad to guarantee it to eradicate dandruff, stop falling hair and itching scalp in two weeks or money back. Large bottle 50 cents.

Genuine Eczema Remedy

New Remedy That Cures Eczema Quickly.

L. M. Buehler has sold hundreds of jars of Hokara in the last few weeks, and although he offered to refund the purchase price to any dissatisfied purchaser, not one jar was returned.

While this is surprising in itself, yet the most marvelous thing is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief and even the worst or most chronic case will be cured in a short time.

You can buy a liberal sized jar at a very low price 25c. and with every package goes a guarantee to refund the money if it is not satisfactory. Larger 50c.
